

## Delta Stewardship Council Meeting - July 2010

### Delta Science Program Related Requests

- 1. The Council would like the Delta ISB to address the U.S. Army Corp of Engineers' (USACE) plan to remove vegetation along the levees and inform the Council on the scientific studies that support and/or conflict with the USACE's plan.**  
*DSC Response: The Delta Science Program will forward this request to the Delta Independent Science Board.*
- 2. The Council suggests using the format in the Draft Interim Plan for the Delta Reform Act in the Draft Delta Independent Science Board Charge. Specifically, they would like the legal authorization language of the Delta Reform Act corrected in the charge.**  
*DSC Response: The Delta Science Program has addressed this request by clearly identifying the requirements from the Act in the charge to the Delta ISB. Please see the staff report (agenda item 7) titled, "Charge to the Delta Independent Science Board."*
- 3. The Council requests clarification of the "appellate body" language in the Delta Independent Science Board DRAFT Operating Guidelines.**  
*DSC Response: The Delta Science Program will work with the Delta ISB to address this request in the Guidelines.*
- 4. The Council would like to see clarification in the language of the term "independent" in the Delta Independent Science Board DRAFT Operating Guidelines. Specifically, the Council would like to see a policy statement about the Delta ISB members' use of independent and professional judgment.**  
*DSC Response: This request has been addressed in the charge to the Delta ISB. Please see the staff report (agenda item 7) titled, "Charge to the Delta Independent Science Board."*
- 5. The Council requests that the Delta Science Program double check the reporting order for the Delta ISB (written into the Delta Independent Science Board DRAFT Operating Guidelines).**  
*DSC Response: The Delta Science Program will work with the Delta ISB to address this request in the Delta Independent Science Board's Operating Guidelines.*
- 6. The Council would like the Delta Science Program and/or Chief Counsel Chris Stevens to investigate whether or not there is a legislative exemption for allowing scientists to discuss science**

**together in private (regarding p.11 of Agenda Item 7, Delta Independent Science Board Conflict of Interest Policy).**

*DSC Response: The Delta Science Program will work with Stevens and the Delta ISB to address this request.*

- 7. The Council Chair would like the Delta ISB to have in their charge, a need to provide a definition for “Best Available Science” with a suggestion to have the Delta ISB hold a meeting regarding “Best Available Science”.**

*DSC Response: The Delta Science Program provided a definition of “Best Available Science” in the Interim Plan. The Science Program will ask the ISB to review and provide comments on the definition of “Best Available Science”.*

- 8. The Council requests a revised draft of Delta Stewardship Charge to the Delta Independent Science Board at the August Council Meeting.**

*DSC Response: Please see the staff report (agenda item 7) titled, “Charge for the Delta Independent Science Board.”*

**Interim Plan Requests:**

- 1. Produce an inventory of information which highlights the amenities available island by island.**

*DSC Response: Please see attachment which is a listing of recreational amenities by island.*

- 2. Develop an MOU for emergency response.**

*DSC Response: Staff will address the development of a State/Fed/Local coordination framework for emergency response issues within the overall Levees/Flood Risk Team work plan.*
